Power detector SP008

code: SP008

AC voltage presence sensor, connectable to binary inputs.

Optional accessories for regulators series Hxxxx a HxxxxR
AC voltage presence sensor, connectable to binary inputs.
equipped by optical indicator (green LED)

Technical data
input voltage: 230 Vac / 50Hz
electrical Adapter: Plug type C
output voltage:
  6V – voltage is present (green LED on)
  0V – voltage is not present (green LED off)
load resistance: Rmin = 500Ω
response time: approximately 1sec
cable length: 1.8 m
weight: 180 g

Technical data
